 core

An innovative solution
that streamlines
contract management

What is "xcore"?

xcore is a modern, user-friendly contracting solution designed specifically for Tour Operators. Its innovative design simplifies and optimizes the hotel contract management process.

Key benefits

- › **Streamlined contract management**
Optimize your operations with real-time contract updates. Seamlessly negotiate, sign, and upload your contracts.
- › **Minimize time to market**
Receive, process, and send your updated inventory and offers online to your clients, securing bookings ahead of your competitors.
- › **User-friendly interface**
Designed with simplicity in mind, our intuitive interface allows teams to work efficiently and boost productivity.
- › **Sustainable paperless operation**
Embrace eco-friendly practices with our fully digital solution, reducing paper use and aligning with your sustainability goals.

By Cyberlogic
